Dear Parent/Carers

**Incident on Metropolitan Tube Line**

We have been informed that a group of Rickmansworth Sixth Form students were approached and threatened by a group of young males yesterday on the Metropolitan Line between Croxley Green and Moor Park.

We believe that one of the group might have been carrying a knife and this was an attempted mugging. The incident has been reported to the police and we believe that the group of males have been arrested. This is obviously concerning and we will be liaising further with the police.

I would be grateful if you please discuss your son/daughter’s journey to and from School. Please encourage your son/daughter to avoid other groups of young males and any potential conflict. It is also advisable to keep valuable possessions out of sight. Can I please also ask that should your son/daughter encounter a similar situation, that your first action, and that of your son/daughter, is to inform the police so they can respond as quickly as possible and then inform the School.

Whilst it is important to take this matter seriously, we are unaware of any other reports. Students will be informed of this incident during form time today.

Yours sincerely

Mr C Hambleton
Acting Deputy Headteacher
