22 March 2019

Dear Parents and Carers

LGBT+ Assemblies

I am pleased to inform you that the focus of next week’s assemblies is inclusivity with a focus on LGBT+.

During the assembly, students will be shown a video produced by Stonewall which contains some abusive terms and phrases. This video is intended to highlight the language that minority groups sometimes encounter and is aimed to remind students of the impact this can have on the recipient.

I would be grateful if you would discuss the content of the video with your son/daughter to reiterate that homophobic, racist and xenophobic language is not acceptable in the School or wider community.

Thank you for your support in helping to promote this important topic.

Yours sincerely

Mr G Burgess
Director of Learning for Years 8 & 9
