27 April 2018

Dear Parents and Carers

I am writing to inform you of the results of the School Day Consultation for 2018/19.

The graph below shows the outcome.

![Graph showing survey results]

![Bar graph showing total responses and votes for each option (Neutral, No, Yes)]

You can see that the vote in favour was 2:1.

Many parents were keen that a home learning period runs until 3.15pm on the early closure Friday so students could clear some of their work before the weekend. This could be accommodated. In addition, some parents asked that the School request their permission for students to leave early, this can also be accommodated.

What happens now?

The consultation will be taken to the Governing Body on the 9 May for their final decision.

I would like to thank those of you who did respond, because on the Thursday before the consultation ended we only had just over 50 responses.

I will write to you to provide the outcome of the Governing Body.

Yours sincerely

Mr K Douglas
Headteacher
