Dear Parents and Carers

**Year 13 Maths Support**

Following the recent Mock Exams, I will be setting a weekly practice paper for the C3 module in Maths. Every Monday a new paper will be available on Show My Homework along with the mark scheme. Students should attempt the paper and mark it. They must then bring it to their Maths teacher at the end of the week. Their teacher will then record and track their progress. If students make little progress or consistently fail to hand in any work, then further steps of support will be considered.

Drop in sessions continue to run every Monday lunchtime, where students can get help with any aspect of Maths – this could include the weekly practice papers.

We hope to run a programme of after school revision sessions closer to the summer exam period.

Thank you for your support.

Mrs S Atkin
Head of KS5 Maths
