Dear Parents and Carers

**GDPR Consent – Year 12 Students**

Due to GDPR regulations we are required to obtain consent regarding your son/daughter's data and images. As your son/daughter is in Year 9 or above, your son/daughter is old enough to give his/her own consent. As such we will be asking all students in Year 12 to complete a GDPR consent form during form time. A copy of this consent form is attached for your information.

This consent will allow us to provide the best support for your son/daughter and celebrate their personal and academic achievements. Safeguarding is our number one priority, therefore the new GDPR regulations have resulted in very few changes to our School systems as we were already compliant in most areas. However, we do need consent from students in Year 12 for the items listed on the form attached.

Please do not hesitate to contact your son/daughter's Director of Learning if you wish to clarify the details of the consent form.

Thank you for your support and understanding with this matter

Yours sincerely

Mr P Thompson
Deputy Headteacher
