12 July 2019

Dear Parents and Carers

**Mandarin Enrichment**

It is with regret that Mandarin Enrichment will not be taking place next academic year.

A letter sent on the 23 May regarding the initial interest in Mandarin enrichment stated we would need a group of 20-25 students to make this viable. Initial interest, which required a parental signature, showed that we had numbers to run this enrichment. When payment was requested, as outlined in the initial letter, it was disappointing to receive a number of withdrawals from this programme.

For the majority of students who continue to show interest and whose parents have paid we understand this will be disappointing. This unfortunately was due to those making a firm commitment and then withdrawing.

We envisage this will run in the future but will be dependent on numbers. A refund will be made in due course.

Yours sincerely

Mr Titley
Assistant Headteacher
(Sent on behalf of the MFL department)
