12 July 2019

Dear Parents and Carers

**Transition to A Level Maths**

If your son or daughter is wanting to take A Level Maths in Year 12 some tasks have been set on mymaths for them to do over the summer. This will enable them to start Year 12 with confidence and the required algebra skills.

They should use their passwords from Year 11 – if they cannot remember them or have difficulty logging on then they must email their Year 11 Maths teacher.

Yours sincerely

Mrs S Atkin
Head of KS5 Maths
