Dear Parents and Carers

Year 12 Biology Trip to Amersham – Consent for Remote Supervision

On some Rickmansworth School trips, Rickmansworth School staff would like to remotely supervise groups of students; this applies to part of the upcoming Biology fieldtrip to Amersham FSC.

This approach, as part of the organised educational experience, enables the group to have the broadest experience, collect more or independent data, visit more sites and by doing so, develop their own personal skills. Students are fully briefed and equipped before they carry out their activity, and in addition:

- Sites visited are risk assessed by Rickmansworth School.
- Appropriate support e.g. first aid equipment is available with the Trip Leader.
- Communication systems are in place between the students and the trip staff, including emergency and non-emergency contact, during the period of remote supervision.

We need your consent in order to remotely supervise your son/daughter during the Amersham FSC fieldtrip on 27-28 June. Please indicate your response in the GroupCall online form or via the form below. We would be grateful if you could reply as soon as possible.

Please note that without your consent, learning and development opportunities for your son/daughter will be restricted.

Yours sincerely

Mrs S Leithhead
Deputy Head of Science
